THE DREADFUL TEA PARTY

Our 2023 offering is a Penny Dreadful for kids* of our animals at tea. The perfect bedtime story for eager young readers; Mr. Elk** and friends sit down for a cup of Earl Grey. Nothing terrible happens, and 'nobody' is 'killed horribly'.

Our drinks develop in terms of intensity and depth. Expect lighter notes to begin with, before things take a turn for the darker.

*It's really not for kids
